

PRESS RELEASE
**WENIGER PLASTIC SURGERY EXPANDS TO WEIGHT
MANAGEMENT PROGRAM AND
WELCOMES SUSAN COKER, PA-C**

Dr. Frederick Weniger, Medical Director and Founder of Weniger Plastic Surgery is pleased to announce that Ms. Susan Coker, PA-C has joined to expand the plastic surgery spa practice to Wellness and Weight Loss Management

According to Dr. Weniger, "Susan brings over 21 years of experience both within South Carolina and California with 1000's of successfully treated patients with various weight loss and hormone management issues. As a competitive triathlete, I have personally used Susan's help with my weight management and overall health and stamina in order to compete in extreme athletic challenges. Susan brings unique qualifications and experience to the greater Bluffton and Hilton Head area."

Ms. Coker does have considerable experience and expertise with a diverse range of health and weight management programs, ranging from traditional therapies to appetite suppressants to the HCG diet. Additionally, Susan is well-versed in nutritional and exercise programs as well as bioidentical hormone replacement therapies"

"My experience over two decades has taught me that understanding realistic health and weight objectives, and **then** choosing the most appropriate and individualized management program is the real key to long term sustainable health and weight management," says Ms. Coker.

For a limited introductory time, Ms. Coker is providing FREE Weight Management Evaluations during July and August. Medical History and completion of a Medical Weight Loss Interest Questionnaire are the only requirements for "getting on a program of individual success and achievement," says Ms. Coker.
